

Motion Control - Field Sales Engineer (experienced)

PI (Physik Instrumente) is looking for a talented and motivated Field Sales Engineer to grow our business with OEM and Industrial End-User customers on the West Coast.

Candidates will have a background in physics and/or mechanical engineering, be naturally curious, and enjoy helping engineers and scientists design instrumentation. Experience in sales is required. As a Field Sales Engineer at PI you will work with customers to help them design PI products into their instrumentation applications.

The position is primarily based in our Irvine, CA office with 30% travel to locations on the West Coast. Candidates must be within commuting distance to the Irvine, CA area.

Here's what we need from you:

- BS or MS required: Physics preferred; BS Mechanical or Electrical Engineering will be considered *with controls or systems experience*
- Sales experience is required. Candidates with 5+ years of experience will be considered. More experienced candidates are encouraged to apply.
- Natural curiosity and interest in learning required
- Understanding of motion control, piezo-technology, photonics, or instrumentation is desirable
- Experience with instrumentation, semiconductor, beam lines, microscopy, or similar field preferred
- US Citizen or Green Card required – evidence of permanent ability to live and work in the US is an employment contingency for this position.

PI (Physik Instrumente) is the world leader in high precision positioning systems: Nano Positioning, Micro Positioning, 6 DOF Hexapods. Our product lines include piezoelectric-based nanopositioners, motorized stepper and servo stages, and linear motor stages. Our customers are the leading OEM's and researchers in high tech fields such as semiconductor, photonics, biomedical, aerospace, astronomy, metrology, scientific instrumentation, and scientific research in microscopy and beam lines.

PI offers a pleasant and professional team oriented work environment. This position includes a generous benefits plan including paid vacation/sick/holidays plus medical, dental, vision and profit sharing to a 401K retirement plan.

Please submit your application online: http://www.pi-usa.us/news/careers_motion_control.php
