

# American Society for **Precision Engineering**

## **ASPE 2022 Precision Optical Metrology Topical Meeting & Workshop**

**Date and location to be announced.**

This meeting brings together specialists and practitioners from industry, government, and academia in an ideal forum for the exchange of ideas. We will follow the highly successful workshop format enjoyed in past meetings, with an emphasis on discussion in a relaxed atmosphere. The scope of this meeting is to showcase optical metrology and precision engineering.
