41st Annual Meeting
Monday – Friday, October 26-30, 2026
Sheraton Waterside Hotel
Norfolk, Virginia, USA

ASPE Annual Meeting

It's Where Precision Engineering Business Gets Done

ASPE is a global community advancing the science and art of precision engineering.

Annual Meeting attendees represent leading businesses, government laboratories and university teams all joined together in the pursuit of the next decimal place.

ASPE forms an accessible network – a resource pool – to learn from and present to, and a place to discover new concepts, processes and products to drive manufacturing to new levels of precision performance.

As the premier precision engineering conference in North America, the ASPE Annual Meeting offers the latest in precision engineering research in Asia, Europe and the Americas. Participants from all over the world have the opportunity to exchange ideas with internationally renowned experts in the field. The exhibition is an excellent venue for you to showcase your products to a highly relevant audience, making your business even more successful.

Exhibit at ASPE

It's Your Target Audience

The ASPE Annual Meeting has between 300 – 350 attendees flow through the conference and exhibit during the two and one-half day event. About 58% of the attendees are ASPE members, while the rest are first-time attendees looking for the technology that they have been seeking to improve their research and business.

PhDs, Masters and Bachelor's participants who work in industry, government laboratories and academia attend the ASPE Annual Meetings. Between 10% and 15% of the attendees are graduate students studying in the specialized field of precision engineering, so the Meeting is an opportunity to locate excellent talent as well.

Approximately 72% of attendees work for organizations in the USA, while 16% work for organizations in Asia and 11% work in Europe. The remaining attendees represent Canada and Mexico.

Industries represented at the Annual Meeting include medicine, semiconductors, microelectronics, telecommunications, automotive, optics and photonics, MEMS, nanotechnology, aerospace and defense and machine tools. All of these industries have a need to understand and use precision engineering principles and techniques, and the following technologies can help achieve the precision necessary to improve quality and performance.

- Precision motion, including both macro and micro systems
- Motion control systems, including electronics and software
- Dimensional metrology sensors and tools including surface and form metrology
- Calibration tools, artifacts and software
- Diamond turning and precision grinding machines
- The latest materials including glass, metals and ceramics
- Software for design, simulation and inspection
- Environmental control, including temperature and vibration

The Exhibition at the 40th ASPE Annual Meeting is your opportunity to reach your target audience. Find new customers and help them find the right precision engineering tools to achieve their goals.

Some Previous Exhibitors

4D Technology Corporation	K&Y Diamond	OptiPro Systems
ABTech	Kaman Precision Products	Physik Instrumente
Aerotech	KERN Precision	Piezosystem Jena
Alicona	Keyence	Polytec, Inc.
ALIO Industries	Kinetic Ceramics	Praecis, Inc.
Ametek Precitech	Kriterion	Precisioneers
ARC Nano	Kugler of America	Precision Environments
ASML	Lawrence Berkeley National	Professional Instruments
attocube	Lawrence Livermore National	Renishaw
Baltec	Levicron	Riverhawk Company
Benstone Instruments	Lion Precision	Schneider Optical
Bilz Vibration Technology	Magnescape	Sensofar
Bruker Nano Surfaces	Mahr/ESDI	SIOS
Carl Zeiss IMT	Makino	Starrett Tru-Stone
CeramTec	MI-Partners	TAC Americas
Chardon Tool	MicroFab Technologies, Inc.	Technodiamant
Contour Fine Tooling	MicroLam	TMC Ametek
CoorsTek Technical	Moore Nanotechnology	Trioptycs
Corning Tropel	National Physical Laboratory	Trust Automation
Cranfield Precision	New Way Air Bearings	University of North Carolina
Dewesoft	Newport Corporation	University of Tennessee
Eitzenberger	Nikon Corporation	University of Wisconsin
euspen	NCSU-Precision Engineering	UpNano
Fabreeka International	Novacentrix	VDL ETG
Heidenhain	NPoint	Vermont Photonics
Hexagon Metrology	NTS Group	Western Environmental
Hummingbird Scientific	Optical Perspectives	XDS Oxford
IKO International	Optikos	Zygo Corporation
Innolite		

ASPE Exhibitor Information

Norfolk, Virginia, USA

Location

Sheraton Waterside Hotel
777 Waterside Dr, Norfolk, VA 23510
(757) 622-6664

Dates

Annual Meeting

Monday – Friday, Oct. 26-30, 2026

Exhibition Open to Attendees*

Wednesday – Friday, Oct. 28-30, 2026

Exhibitor Move-In*

Tuesday, Oct. 27, 2026

Exhibitor Move-Out*

Friday, Oct. 30, 2026

*Hours to be announced

Exhibit Charges

\$2,400 for ASPE Corporate Members
\$3,000 for all other Exhibitors

Assignment of Space

Exhibit booth locations will be assigned by ASPE, which reserves the right to rearrange the floor plan at any time. Preferences of Exhibitors noted on the reservation form will be taken into consideration when ASPE assigns booth space. ASPE reserves the right to relocate Exhibitors should it become necessary for causes beyond the control of ASPE.

Exhibitor Support

Exhibitors will be notified when ASPE has contracted with a Convention and Exposition Services Company. Services, equipment, and shipping shall be arranged directly between Exhibitor and the Event General Service Contractor.

Included with Your Booth Fee

- ✓ 8 feet deep x 10 feet wide pipe-and-drape booth with back (8 feet) and side (3 feet) black drapes
- ✓ One 6 foot draped table
- ✓ Two chairs
- ✓ One exhibitor ID sign
- ✓ Opportunity to speak during the commercial segments
- ✓ Designated Exhibitor Representative has access to entire technical conference
- ✓ Two "Booth Only" personnel whose activities are confined to the exhibit floor

The exhibition is part of a technical conference that will begin on Monday, October 26, 2026 with tutorials taught by internationally renowned experts and a Student Challenge. Tutorials and the Student Challenge continue on Tuesday, October 27, and they will be followed by a Welcome Reception and a Keynote address on Tuesday evening. The technical conference, as well as the exhibition, will begin on Wednesday, October 28 and will go through Friday, October 30. There will be other social events during the conference such as lunches, breaks and a planned dinner at conference hotel on Wednesday. The group is a close-knit audience, which promotes excellent networking and personal exchange opportunities.

To draw attendees, ASPE places the morning and afternoon breaks and a hospitality hour in the exhibit hall. The poster papers for the conference will be located in, and around, the exhibit hall. In addition, the exhibition is located a short walk from the technical general sessions, which allows for easy visibility.

Reserve Your Booth Now

Sheraton Waterside Hotel, Norfolk VA, Oct. 26-30, 2026

Return your completed form to Don Martin, Exhibitor Chairperson, at don@martin-mason.com

Please include the contact information of the person responsible for making booth and exhibit arrangements

☐ Mr. ☐ Ms. ☐ Dr. ☐ Prof. ☐ Other _____
